CHURCH NEWS

Dear Friends

Fifty years ago, 70% of the costs of Church of England were met centrally: today a similar proportion has to be found locally. Churches need money to continue doing God's work, serving their communities and maintaining their mostly medieval buildings. The churches of this peninsula are asked to raise around £50,000 per year for each of the three clergy (for pay, housing, training, pensions, etc.) in addition to the costs of the church building such as heating, lighting and maintenance.

Christian giving is not just about financial sustainability. Christians are thankful that everything we have comes from God, and so we have a responsibility to exercise good stewardship of our gifts, time, talents and money.

We are grateful that the wider communities are generous in their support when major building works are needed, or new projects planned. We need a 'both/and' approach to regular mission and maintenance and special projects.

Much of the burden of supporting the Churches' ministry understandably falls on their small, committed congregations and during this month I will be preaching about a generous response to God's goodness.

However, I would also like to appeal to members of the wider community to consider how you might help? We are delighted to be here to pray for and help you whenever and however we can – by providing baptisms, weddings and funerals; children's activities and so on. We need clergy as well as buildings to do this! Might you please be able to help us by one-off or regular giving? We realise that people have other charitable calls upon them, and are grateful for whatever can be managed.

WOODBIDGE PROBUS is a club for retired and semi retired people who have had an active life. We meet on the first Monday of each month at 12.15 at Woodbridge Golf Club where we have a social drink, followed by lunch and a speaker; who on Monday 5th February is Edward Rees from Scottish Power Renewables. He will be telling the story of East Anglia One, a massive array of 102 Wind Turbines out in the North Sea, which will generate an enormous 714 megawatts of electric power. Two 73km underwater cables will deliver power to Bawdsey, from where they go under the Deben and around Ipswich to Bramford to feed into the National Grid. A fascinating talk which we very much look forward to. Come and join us to hear it. All the details of the club are on our website or you can text or call our chairman Ray Hooper at 07512792454.

BAWDSEY SCHOOL Thank you to everyone who came to support our Christmas fair which raised over £600 for the school and has helped us pay for Wild Beach sessions for all the children for the next two terms. (Like forest schools but on the beach!) We are looking forward this term to going to the East of England Lego League competition with our year 6 pupils- the children programme a robot to do different tasks and they present their research about the theme. We are normally in the minority being a primary school and not a secondary or private school and love how well the pupils present themselves and represent the school. We are also working with the Ipswich Triathlon club this term and the instructor is very impressed with our pupils' abilities already. During term time we run a Baby and Toddler session on a Tuesday morning from 8.50-11 and on Friday we have a Stay and Play session for babies and toddlers (and their parents/carers) from 1.30-3. We would love to see you at these free sessions. On the second Thursday of every month we also invite any person who is retired to come and have a roast dinner with us from 12 with the children. There is a cost of £3.47 and please book by 9 am on the morning or in advance.

SHOTTISHAM WI - for WI Membership in 2019 please contact Robin on 411260. The next WI Meeting is Wednesday February 13th at 12.00 noon at the Trust Hall, Shottisham, speaker Lizzy Tuthill from Suffolk Mind.
