MESSAGE FROM SUFFOLK POLICE Suffolk Constabulary is warning pet owners to take extra care after seeing a number of dog thefts this year.

Sergeant Brian Calver said: "Organised crime groups are actively targeting addresses, with working breeds tending to be those that are favoured by criminals.

"The loss of any pet can be devastating to owners, with the added trauma of not knowing what sort of conditions the dog is being subjected to. We would advise dog owners to review security of any outdoor kennels."

There have been 12 confirmed cases where dogs have been stolen within the county this year, and Sgt Calver said all but one of the incidents involved the theft of dogs that would be classed as working gun breeds.

Security measures to prevent thefts include good quality locks and lighting, while consideration should be given to CCTV and sensors as these offer an early alert to the presence of intruders.

Gardens should be well secured with fencing or hedges, while gates should be kept locked.

Owners are advised not to leave dogs out in open gardens and yards when they are not at home and, if possible, they should be brought into the house overnight.

Ensure your dog is chipped and, if neutered, mark the dog's tag as such as this makes them less attractive to thieves that may want to steal them for breeding. When out walking, if you let your dog off the lead, don't allow it to leave your sight.

Sgt Calver also advised dog owners to ensure they were not giving away personal details online.

He said: "Consider your security on social media and avoid giving away details that may highlight your address and the fact you have a dog which could be attractive to thieves.

"We would encourage you to be vigilant of suspicious persons seen around addresses, or any cold callers. Please report such activity, with descriptions of the individuals and their vehicles, as well as sharing those concerns on local watch groups."

Sgt Calver also urged owners of other pets to be wary of thieves, saying birds had been stolen too.

Anybody with any information regarding the theft of dogs or other pets is encouraged to contact

CHURCH NEWS All Saints Sutton is now open for private prayer on Sundays from 10am-4pm.

Dear friends
Open for Prayer

As many of you will be now aware, the UK Government has now permitted places of worship to open for private prayer. In the Orford cluster of churches we have made the decision to open our churches on Sunday each week between 10am and 4pm. The churches will then remain closed until the following Sunday which will ensure all surfaces inside the church are free of any potential Covid 19 infection, and avoids the need for a deep clean. Our aim in adopting this approach is to keep those entering our churches safe whilst at the same time not putting a burden on those volunteers who clean our churches.

For many people in our communities, and visitors, our churches represent a holy, sacred space where they can quietly sit and reflect on all that is going on in their lives and pray to God. A chance to step off the treadmill of constant activity and just be. Prayer gives us the chance to hold all that is going on in our lives before God. Sometime the mere act of waiting in the stillness and calm in church will allow a solution to any problems we are facing to come to the surface of our minds. In this precious space we are not called to do or say anything, rather to just be and wait.

No concern however small is to trivial to hold before God in pray. What may seem to others to be a small issue, might be a major concern for the person worrying about it. The Christian writer Corrie Ten Boom once wrote the following about prayer:

Any concern too small to be turned into a prayer is too small to be made in to a burden.

I would encourage people in the weeks and months ahead to make use of the quiet and peace of our church buildings to enjoy some time with God in prayer.

God Bless

Reverend Giles Team Rector
